At BCBank, we're always looking out for our customers as well as our employees. The safety and welfare of the communities we serve are a top priority and like you, were continuing to monitor the latest news and updates about the coronavirus (COVID-19).

We recognize that these are challenging time filled with uncertainty. But we want you to know that your money is secure, and our bankers, branches and customer service teams are committed to help.

To support the efforts of public health authorities and to help curtail the spread of COVID-19, BCBank is expanding its social distancing practice by modifying the operations of its offices.

Beginning March 20, 2020, lobbies at each location of BCBank will be closed. BCBank will remain open but we are limiting the lobby traffic and directing customers to use drive thrus, ATMs, telephone banking, online banking and mobile banking. We will continue to serve our customers by taking special requests and scheduling appointments for services other than teller lobby transactions. Lenders will still be available by appointment. Customers with specialized cash supply needs or who require access to safe deposit boxes may make appointments to visit our offices.

We understand the financial well-being of our customers can be adversely affected during this time and we will work as your partner to provide solutions. Please call your local branch to discuss your specific needs. Please follow us on Facebook for real time updates. As always, please feel free to contact us www.bcbankinc.com for any banking concerns.

We at BCBank remain dedicated to ensuring safety of our customers, employees, and communities, while continuing to server their financial and banking needs.

Thanks

Ryan P. Curry
President and CEO
